HOLLAND, MI – Brookdale Senior Living Inc. is investing \$10 million with HCP, a real estate investment firm, to remodel and renovate Freedom Village at Holland, a senior living community located at 145 Columbia Avenue.

The expansion will create more private rehabilitation rooms

and assisted living suites, according to a news release from Brookdale, which operates 1,121 communities in 47 states.

Freedom Village is converting 20 independent living apartments into 29 assisted living suites and adding 17 private rehabilitation rooms, bringing the total to 39 rehabilitation rooms.

"Our resident's needs change as they age, and we provide a continuum of care," said Russ Turecky, executive director. "The additional assisted living suites and private rehabilitation rooms allow us to accommodate residents needing an advanced level of care."

The renovation will include an expanded rehabilitation therapy gym. The beauty shop,

dining rooms and décor also will be updated in the remodel. The project is scheduled to be completed early fall 2016.

Freedom Village offers a variety of continuing care options for residents including, independent living, assisted living, Alzheimer's and dementia care and skilled nursing. The skilled nursing facility has a 5-Star rating from the Center for Medicare and Medicaid Services.
